

OFFICE OF THE MAYOR CAROLYN PARRISH

Presented to

Adams + Miles LLP

On behalf of Members of Council and the City of Mississauga, I congratulate the firm as it marks an incredible milestone for its 100th anniversary.

As an accounting and advisory firm serving businesses, families and organizations across the Greater Toronto Area, you have distinguished yourself as a trusted, professional, and full-service advisor.

Mississauga is Ontario's second-largest economy, and we are proudly home to 118,500 businesses that support 515,500 jobs. Your specialized work helps clients who are active in all sectors of our \$63 billion economy.

Your associates and management must be incredibly proud to be celebrating the century mark. During those 100 years, Adams + Miles built long standing relationships with entrepreneurs, family businesses, charities, and community organizations. The success you facilitated for your clients has had a direct impact on the success of small businesses in Mississauga.

To borrow words from your Managing Partner Tony Sokic, "A hundred years is not just a number. It's a testament to the trust generations of clients have placed in us."

May your next century build on your legacy of service and success!

Mayor of Mississauga
