To Tony Sokic CPA, CA, Managing Partner, Adams + Miles LLP

Dear Tony and Partners at Adams + Miles LLP,

Congratulations on reaching the incredible milestone of a century of service to Canadian businesses, families and communities.

For over one hundred years, Adams + Miles LLP has demonstrated the very best of what it means to be Chartered Professional Accountants (CPAs): the highest standards of technical expertise, strategic insight and, above all, an unwavering commitment to upholding trust and ethical practice. Your clients span some of the most important sectors of the Canadian economy, from manufacturing and real estate to the financial system and non-profits, and they have come to rely on you for tax planning, audit and assurance, and strategic planning.

As the world grows more complex and Canada's trade relationship with the United States becomes more uncertain, Canadian business leaders look to you, and to CPAs across the province, for guidance on cross-border and international legal compliance, U.S. corporate tax and U.S. tax law.

That is the kind of leadership the Canadian economy needs today, and it is why firms like Adams + Miles LLP have earned the trust of businesses for a century.

Congratulations on this great achievement, and here's to the next 100 years of success.

Sincerely,

A handwritten signature in blue ink, reading "Carol Wilding", with a large, stylized loop at the end.
